EDUCATION

La Digital School — *Graphic Design Master Degree, Brest, France*
September 2018 - July 2020 | *Admitted*

Ongoing Master Degree in Graphic Design and Marketing. The course covers an array of subjects such as project management, web development,

Université de Bretagne Occidentale — *CDA training, Brest, France*
September 2017 - July 2018

This training course Brest allowed me to improve my web development skills and complete my previous knowledge. I learned how to use the following programming languages (HTML, JS, CSS, JAVA, C, Python, ...)

Université de Bretagne Occidentale — *DEUST T-MIC, Brest, France*
September 2015 - July 2017 | *Admitted - With honours*

This degree allowed me to learn the web design and web development basic skills. I also developed some project management, psychology and community management skills.

High school — *High-School Degree, Brest, France*
September 2012 - July 2015 | *Admitted*

I graduated High-School Degree from BAC STL (Technological Sciences Laboratory) at Vauban High School in Brest in France

EXPERIENCE

Full-stack developer — *Popcorn Communication, Landivisiau, France*
September 2018 - July 2020 | *internship*

As part of my Masters Degree in Marketing, I worked (as an intern) at communication agency as an UI/UX designer and Full-stack developer.
I have worked several websites such as vin-do.fr, ericlepape.com, exact-amod.com, and others. My main role consisted to create the mock-ups and their integration onto the websites in compliance with our customer's functional specifications.

Web developer — *Koality, Lesneven, France*
March 2017 - April 2017 | *internship*

I worked (internship) as an Wordpress developer at a web agency. I learned how to use SASS at this time.
